

ARISTOS-COFUND POSTDOCTORAL PROGRAMME IN BIOMEDICINE AND HEALTH SCIENCES (MSCA-COFUND)

CALL 2024 FOR CANDIDATES FOR POSTDOCTORAL POSITION

Final list of total evaluation scores

Following the deadline for requests for redress, the final list of total evaluation scores (Annex I) is now published in this document.

Candidates are ranked according to their total evaluation scores in 13 **ranking lists (one per panel – CIBER Thematic Areas)** in descending order, provided they are above the threshold. Please note, each CIBER Thematic Areas had a particular interview panel, therefore interview panels with different evaluation perception. Scores of different Thematic Areas are not comparable. **If the number of candidates exceeding the threshold is higher than the number of foreseen positions in each panel, reserve lists are created.**

Each candidate will also be informed by email. Admitted fellows will be contacted by ARISTOS program manager for the initiation of the hiring process. **The selected Fellows will have to communicate the acceptance of the fellowship through a Researcher Declaration within a maximum period of 2 weeks, counting from the date of notification, and must be available to join the program before the end of May 2025.** Candidates in reserve list of any CIBER Thematic Area might be appointed in case appointed fellows do not accept their fellowship.

ARISTOS has received funding from the European Union's Horizon Europe research and innovation programme under the Marie Skłodowska-Curie grant agreement No 101081334
